

Keeping your pet's  
adventure safe.

## Petloc8: Keeping your pet's adventure safe.

Made by pet lovers for pet lovers.

As pet parents ourselves, we understand the deep bond you share with your furry family members. The worry and stress that come from leaving your dog with a sitter, or letting your cat roam freely, can be overwhelming. That feeling of uncertainty is why we developed **Petloc8**.

We've created a reliable solution that provides peace of mind, allowing you to enjoy your pet's adventures knowing they are safe and secure.

**Petloc8** lets you give your pet the freedom to explore while maintaining control over their well-being.

# Beyond Bluetooth: True Peace of Mind

- 📍 Bluetooth trackers (like Tile & AirTag) have limited range and connectivity.
- 📍 They're useless if your pet wanders out of Bluetooth range and away from a phone.
- 📍 Ineffective in parks, woods, or other areas with poor signal.
- 📍 No real-time tracking in many cases.

| Feature                      | Petloc8  | AirTag   |
|------------------------------|--|--|
| Connectivity                 | 4G with worldwide coverage                       | Bluetooth with limited range                         |
| Tracking Range               | No range limits (uses cellular networks)         | About 10 meters indoors and about 30 meters outdoors |
| Cross-Platform Compatibility | Works with iOS and Android                       | iOS only   |
| Power Source                 | Rechargeable via USB                             | Disposable battery (needs replacement)               |
| Ideal Use Cases              | Dogs / Cats                                      | Small items like keys or wallets                     |
| Real-Time Updates            | Periodic updates via cellular network            | No real time update                                  |
| Subscription Cost            | Affordable monthly plans for global connectivity | No subscription, but limited functionality           |

## Petloc8: New chapter

- 📍 GPS, GSM, and Wi-Fi technology for continuous, real-time tracking worldwide.
- 📍 Enhanced battery life.
- 📍 Once-a-minute location updates for optimal monitoring.
- 📍 Available in two sizes: **Petloc8** (larger pets) and **Petloc8 Mini** (smaller pets).

# Smart Features for Worry-Free Pet Ownership.

**Precise location tracking**  
24/7 real-time monitoring

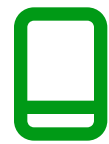

**Geo-fencing**  
Set safe zones and receive alerts if your pet leaves them.

**Wi-Fi safe zones**  
Connect to your home Wi-Fi for smart alerts if your pet leaves or enters your designated safe zone.

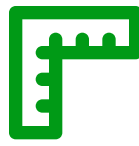

**Night Finder**  
Locate your pet easily, even in the dark, with a remote-activated LED light and beep.

**Petloc8 App**  
Manage multiple pets, join communities, and get smart alerts – all within our intuitive app.

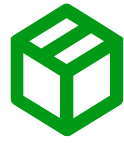

**Travel-Ready**  
Global SIM for worry-free adventures.

**Lightweight, durable design**

- **Petloc8:** 57 mm × 30 mm × 14.8 mm, 35 g.
- **Petloc8 Mini:** 49 mm × 26 mm × 14.8 mm, 30 g.

**Eco-friendly packaging**  
Protecting your pet and the planet, one paw-sitive step at a time.

# Petloc8 application: Your Connected Companion

- 📍 Smart notifications customized to your preferences.
- 📍 Global SIM for seamless international travel with your pet.
- 📍 Easy setup and intuitive interface.

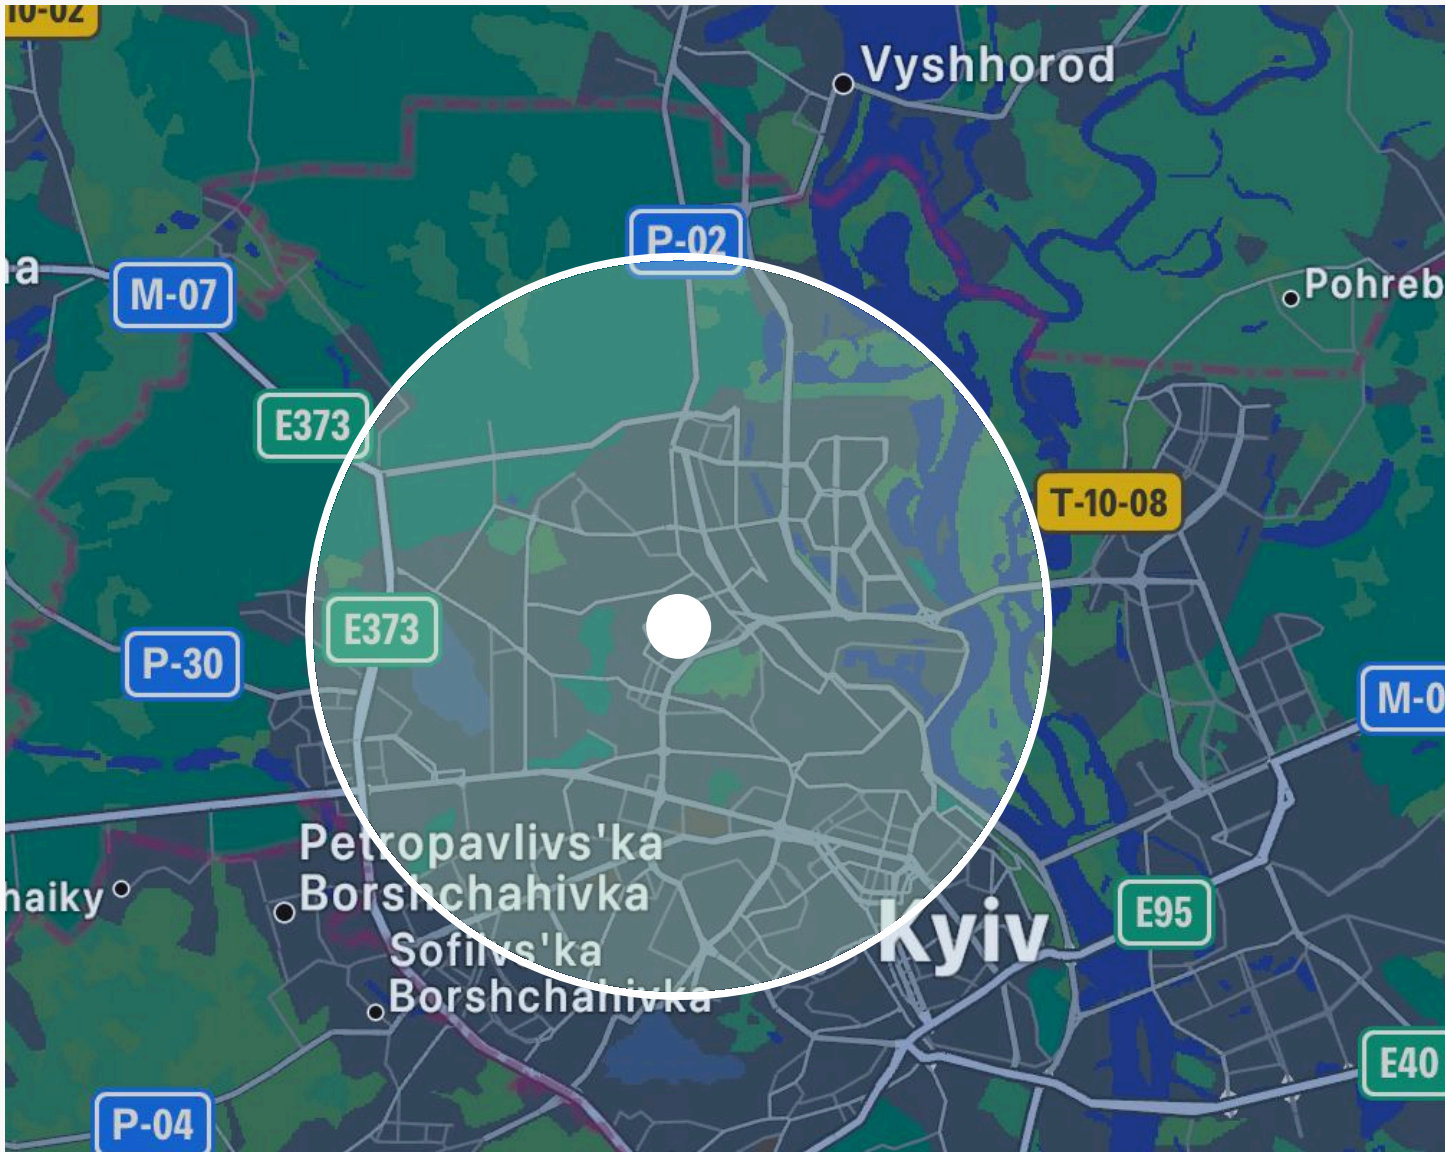

# Build a Safety Net: Petloc8 Communities

- 📍 Create your own private family community for shared tracking and alerts.
- 📍 Join local Petloc8 communities for expanded support and assistance.
- 📍 Increase the chances of a safe and swift reunion if your pet ever gets lost.
- 📍 Connect with like-minded pet lovers.

**Petloc8** app goes beyond traditional tracking by introducing Communities - a one-of-a-kind feature designed to unite pet owners in ensuring the safety of their furry friends.

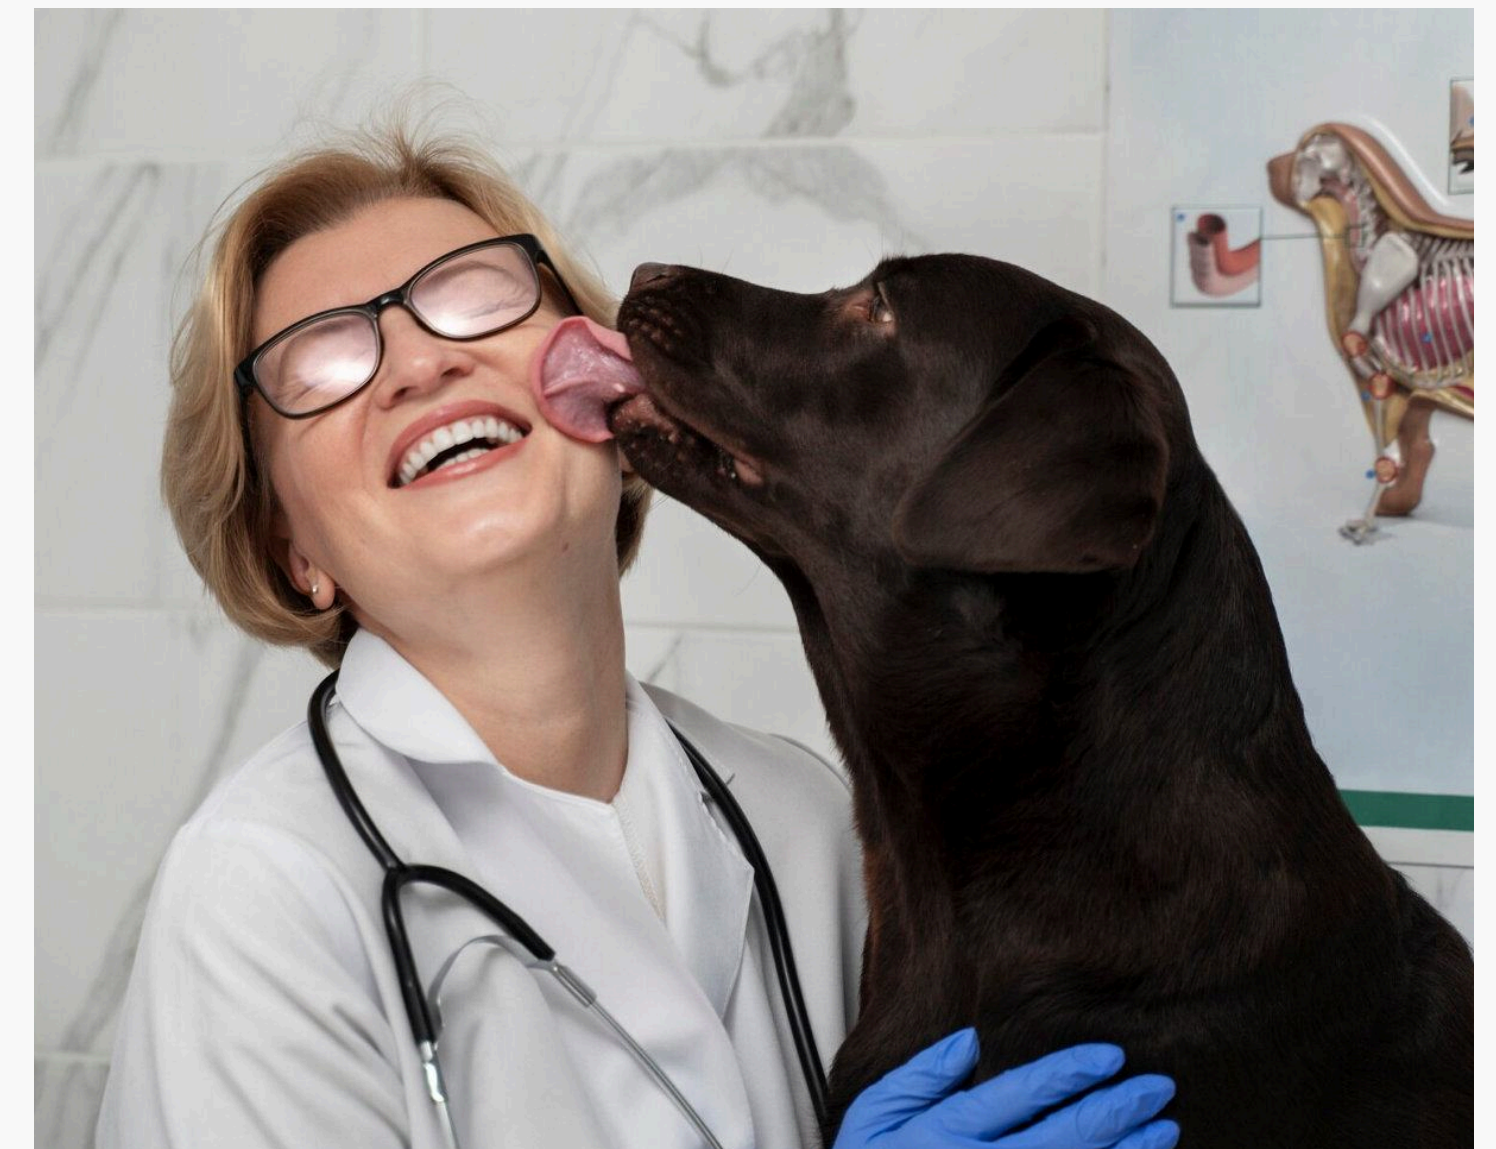

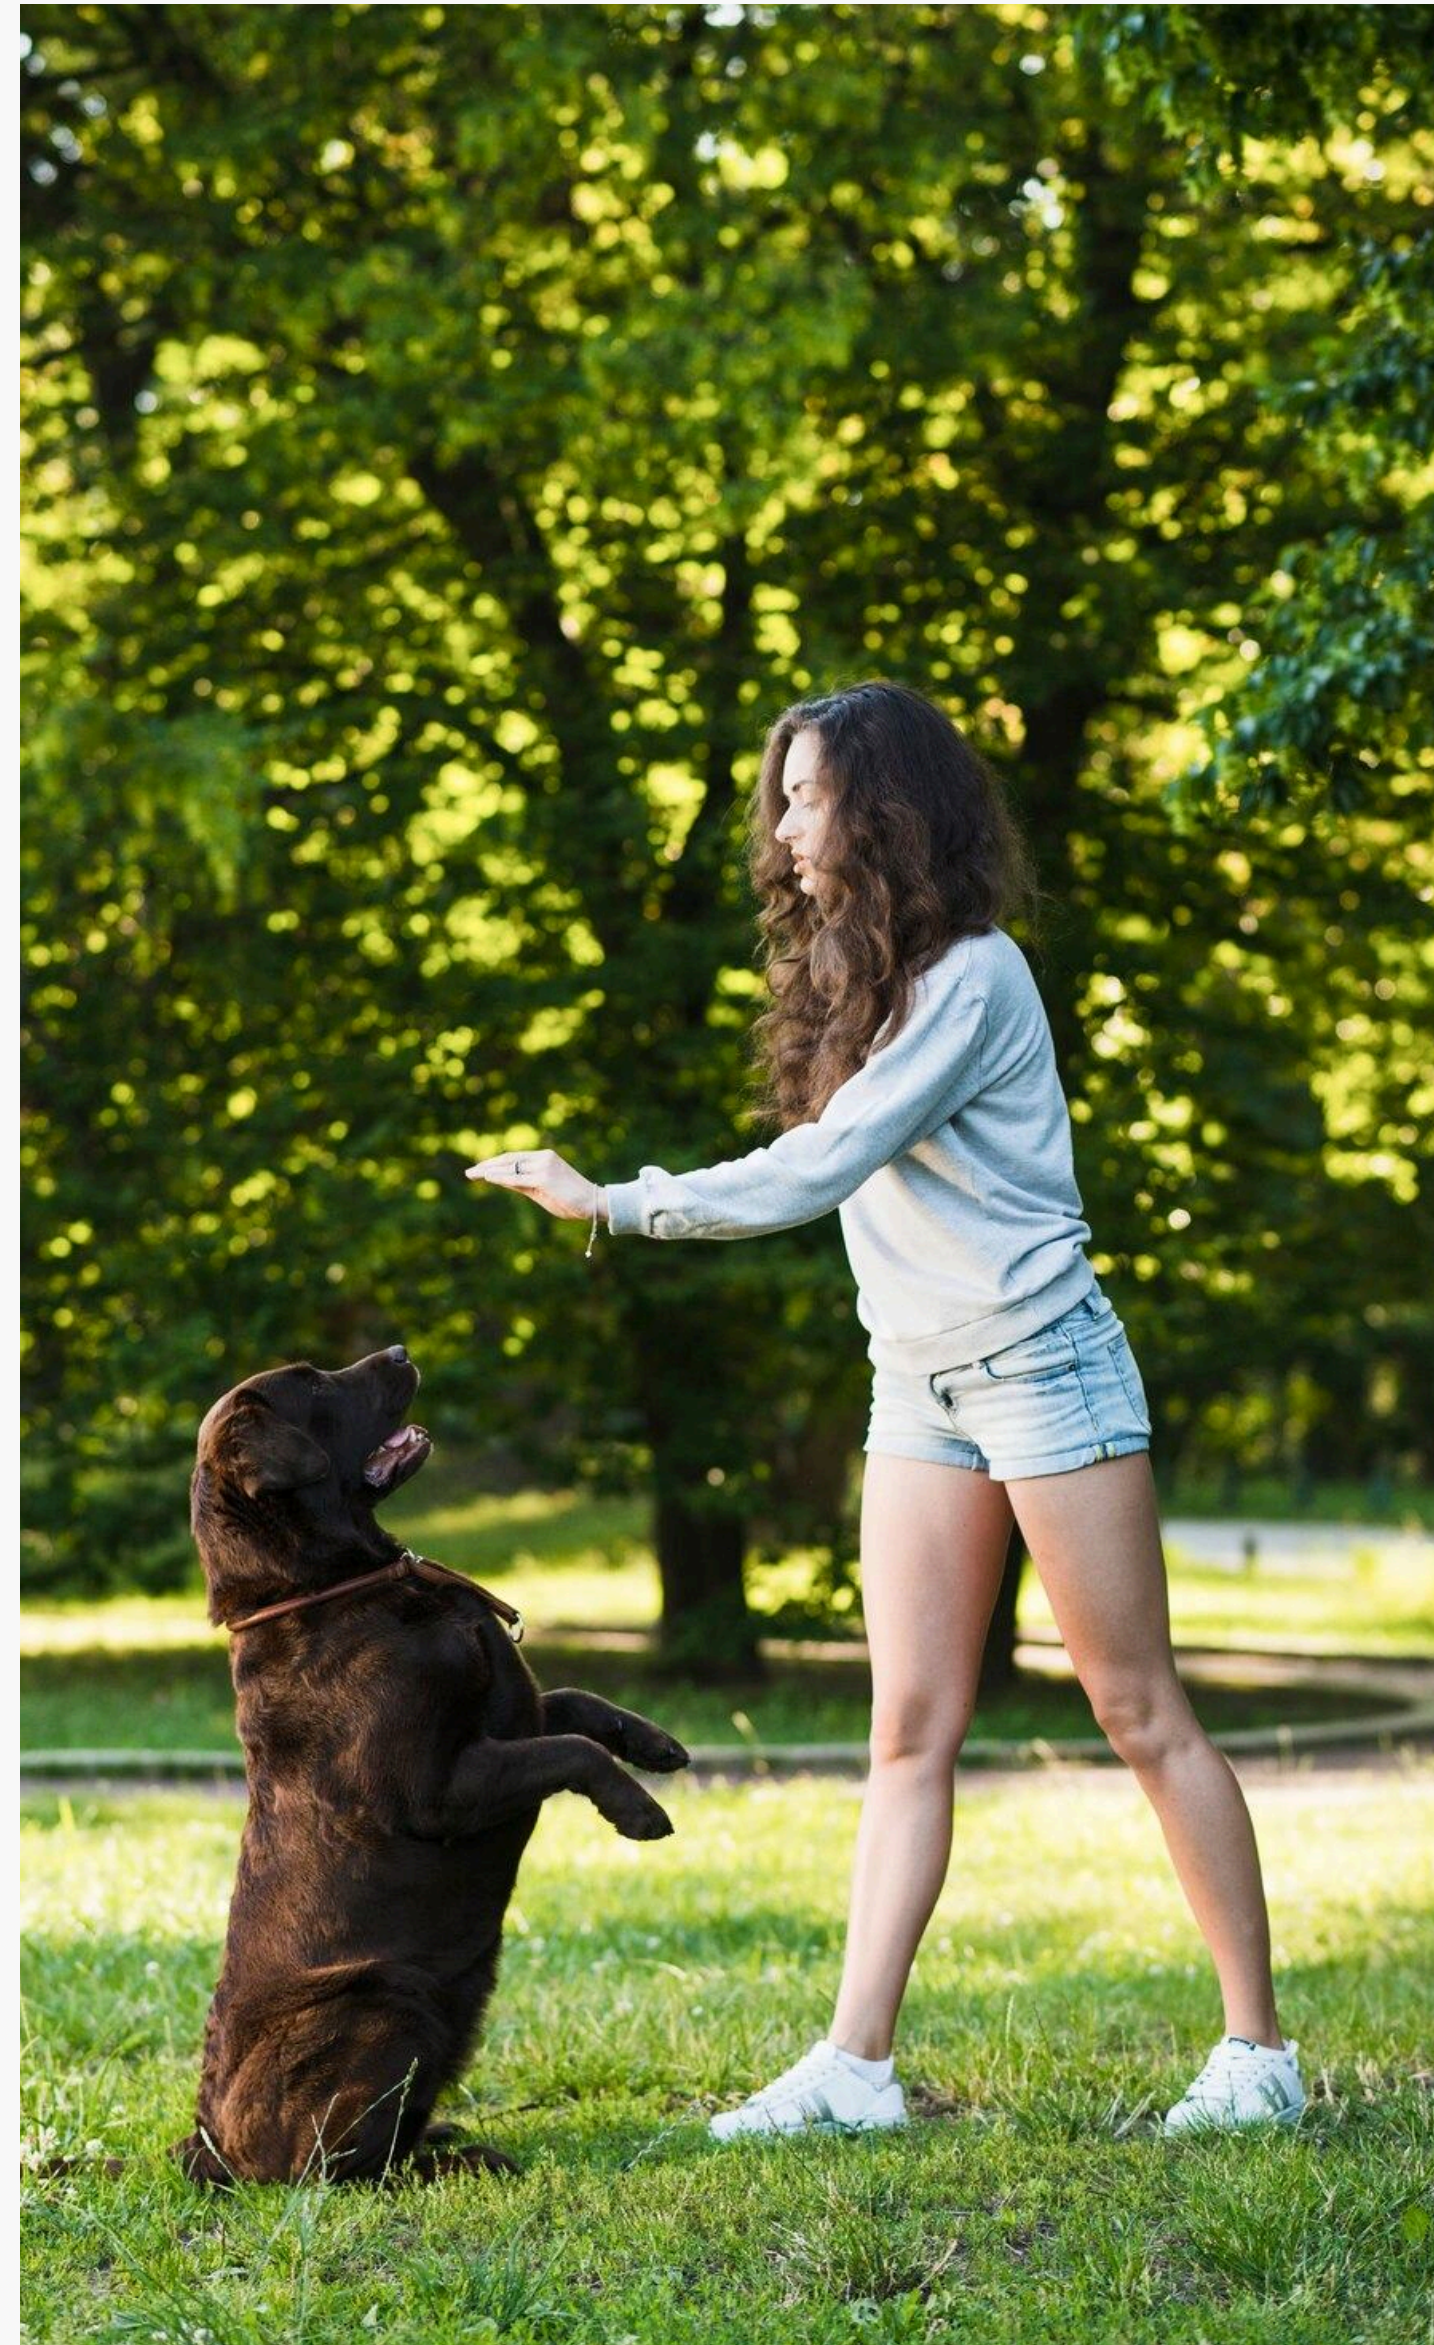

You're not just relying on technology - you're tapping into the power of people. This unique feature turns nearby pet lovers into a search network, increasing the chances of a safe and speedy reunion.
